

# AT THE MATCH

It's match day and the stadium's full of cheering fans. Can you circle the three Rivington Reds' fans sitting in the Blakeley Blues' stand?

## Matching pairs

The players' socks have been jumbled up. Draw lines between the pairs, and circle the odd sock.

## Split the ball

Can you divide the circle into seven parts using just three straight lines?

## Trophy trouble

Look closely at the trophies and circle the odd one out.

## Kickaround

These players can only pass the ball up, down, left or right, to any of the players nearest to them. The players' numbers show how many times they touch the ball. Draw lines from player to player, showing who kicks the ball to whom.
