

# BILLY AND THE MINI MONSTERS

# Task One – Design a monster to help Billy!

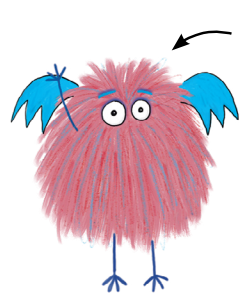

Billy and the hairy, smelly, but not-so-scary Mini Monsters have some hilarious adventures in Zanna Davidson’s brilliant books. The Mini Monsters help Billy to overcome his fears, including his fear of the dark in *Monsters in the Dark* and the school bully in *Monsters Go to School*.

Each of the monsters has their own distinct personality, skills and even a scare factor score!

Now it’s your turn to design a monster to help Billy on his next adventure. We’d love to see them, so why not ask your parent or guardian to share them on social media and tag Usborne in them!

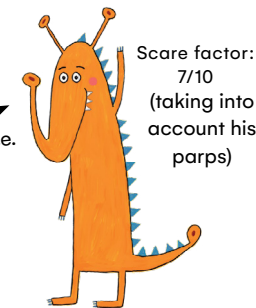

**CAPTAIN SNOTT**  
 LIKES EATING: bogeys.  
 SPECIAL SKILL: can glow in the dark.  
 Scare factor: 5/10

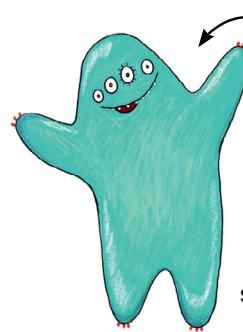

**PEEP**  
 LIKES EATING: very small flies.  
 SPECIAL SKILL: can fly (but not very far, or very well).  
 Scare factor: 0/10 (unless you’re afraid of small hairy things)

**FANG-FACE**  
 LIKES EATING: socks, school ties, paper, anything that comes his way.  
 SPECIAL SKILL: has massive fangs.  
 Scare factor: 9/10

**TRUMPET**  
 LIKES EATING: cheese.  
 SPECIAL SKILL: amazingly powerful cheese-powered parps.  
 Scare factor: 7/10 (taking into account his parps)

**GLOOP**  
 LIKES EATING: cake.  
 SPECIAL SKILL: very stre-e-e-tchy. Gloop can also swallow his own eyeballs and make them reappear on any part of his body.  
 Scare factor: 4/10
