

FANTASY MAP

Unfold the largest box you can find to make a very long piece of flat cardboard. Then fill it with drawings and labels to design a map for any place you can imagine.

You could draw a long-lost world...

PYRAMID PASSAGE

...an undiscovered rainforest...

...a city from the future...

TELEPORT STATION

MACHINE KM21

...or an amazing factory.

Keep drawing your map until you've covered every corner and flap.
