

A summer greetings card

The edges don't have to be straight.

- 1 Tear two thick strips of paper like this.

- 2 Stick one strip across the middle of a piece of paper...

Top piece overlaps here.

- 3 ...and add the other one near the top.

- 4 Fold your paper in half.

If you don't have a wooden stick, use a strip of cardboard.

- 5 Draw a shape like this...

- 6 ...and cut it out.

- 7 Open it up and glue a wooden stick inside.
