## EXPLORE THE OUTDOORS WITH TINY

Tiny goes on lots of adventures in the school garden. Try out some of the activities below to create your own adventures!

Please ask your grown-up to help.

### Stand outside, what can you discover?

What can you hear?

Are there birds singing? Is the wind rustling the leaves?

What can you see?

Name all the colours, flowers and animals you can see.

What can you smell and feel?

Is the sun warming your skin? Can you smell any flowers?

### Play a nature game

The mice in the school garden use a blade of grass as a skipping rope! Can you use any items in nature to create your own game? You could set up an obstacle course with sticks to jump over or run around.

Or you could go on a scavenger hunt to see what you find!

What other ideas do you have?

### Plant some seeds

Tiny's garden is full of flowers, can you plant some seeds to grow flowers of your own?

If you're not able to plant some flowers, why don't you draw or paint some instead!
