

SATURDAY ACTIVITIES

Birthday money

Can you help these monsters count their birthday money?
Some have 1 pug coins, some have 5 pug coins, and some have both.

One 5 pug coin is equal to five 1 pug coins.

I have _____ pugs.

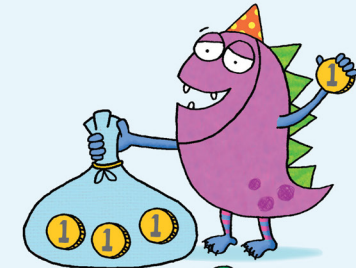

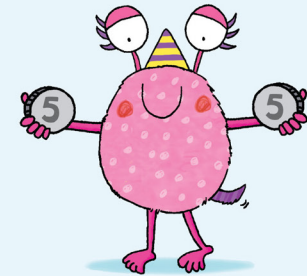

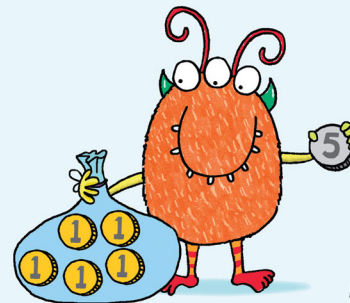

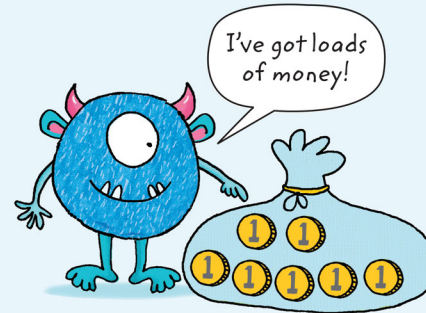

I have _____ pugs.

I have _____

$5 + 2 = \square$

$5 + 5 = \square$

Now find the monsters with the same amount of birthday money. Draw a line between each pair.

Draw a star next to the monster who isn't in a pair.
