

SATURDAY ACTIVITIES

Collage of your family

Girl

1. Cut a head and a neck from paper from an old magazine, then glue them onto a big piece of paper. Then, cut out a dress, too.

2. Glue on the dress, then cut arms and legs and glue them on, so they touch the dress. Cut out hands and glue them on, too.

3. Cut out some hair and glue it onto the head. Then, cut out red boots and glue them onto the girl's legs.

Mother

4. Cut some yellow bows from paper and glue them onto the hair. Then, draw a face with black and red felt-tip pens.

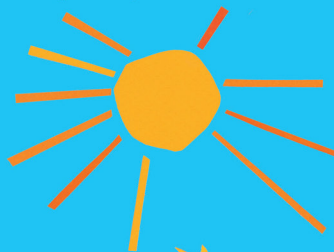

This hair was made from two pieces of paper.

1. Cut out a head, neck and some hair. Glue the hair onto the head and glue the head onto the big piece of paper. Then, draw a face.

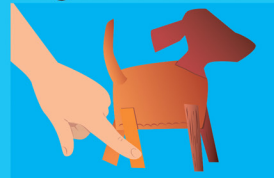

2. Cut out a top and a skirt and glue them onto the paper. Then, cut out arms, legs and shoes and glue them on, too.

Make a collage of your family and pets, on blue paper. Then add lots of other things, like the sun, a house, a car and a bird.

Dog

1. Cut a body and a head from brown paper, then cut four legs, an ear and a tail. Glue the pieces onto the big piece of paper.

2. Cut a pink shape for inside the ear and glue it on. Glue on a collar and eyes. Then, draw a nose and dots on the face.

You could also rip shapes from paper, instead of cutting them, like the cat and the tree.

You can make a boy in the same way as the girl - just cut out different hair and clothes.

The grass in this collage was ripped from a page in a magazine.
