

## INVENT YOUR OWN ROBOT

Increasingly, robots are being used for all sorts of tasks, from working in factories to exploring space.

Invent a robot that could help and entertain you.

What does it look like?

A pet?

What can it do?

Play sports or games?

$(10 \div 2) \times 5 = 25$   
Answer questions about homework?

Once upon a time...  
Tell stories?
