

SATURDAY ACTIVITIES

Snowman

You could use two cotton cleansing pads.

1. Cut two circles from white felt and glue them onto some paper.

2. Cut a hat from patterned paper or fabric and glue it on, too.

3. Cut a carrot nose from orange felt or paper, and glue it on.

The balls are for the eyes and mouth.

4. Tear tiny pieces of tissue paper and roll them into balls.

5. Glue the balls onto the head. Roll some bigger balls for buttons.

6. Glue the buttons onto the body, then glue on twigs for arms.

4

You could paint a white hill and glue a snowman on top.

If you don't have any twigs, cut up straws instead.

5
