

# 1 more

Count how many things each animal has found then give them each 1 more. Write the numbers in the boxes.

I love acorns.

Squilly

How many acorns does Squilly have?

Draw 1 more acorn and trace over the 1.

How many acorns are there now?

Mmmm, berries.

Stripe

How many berries has Stripe found?

Draw 1 more berry and trace over the 1.

How many berries are there now?

Squilly now has an odd number of acorns...

# Odd and even

Count the other things Squilly and Stripe have found and give them each 1 more. Circle 'odd' or 'even' under each number.

The number line at the bottom of the page can help you choose 'odd' or 'even'.

Olly

How many leaves?

odd

even

Draw 1 more leaf.

How many now?

odd

even

How many worms?

odd

even

Draw 1 more worm.

How many now?
