

SATURDAY ACTIVITIES

Snow fairy card

144

1. Fold a piece of blue paper in half. Then, lay a mug on white paper. Draw around it and cut out the circle.

2. Mix some paint for the fairy's face and body. Paint a face on the circle. Then, paint a body below it.

3. Paint four shapes for the fairy's wings. Paint her hair and a small yellow circle for the end of the wand.

4. When the paint is dry, outline the fairy's dress, chin and wings with a thin black pen. Decorate her dress, too.

5. Draw a face, then add arms, feet and lines on the fairy's hair. Draw a wand with a star on the end.

6. Glue the circle onto the card. Paint a white line from the top of the card and add a bow and spots.
