

SATURDAY ACTIVITIES

FIND OUTDOORSY WORDS

There are at least 45 words to do with the outdoors hidden in this leaf-shaped grid. Make words by joining together letters that are next to each other. You can use the letters more than once and move in any direction.

Write a list of the words you spot before checking the answer pages at the back of the book.

When you look closely at some types of leaves, you might see lots of thin lines that make a pattern similar to this grid. They're tiny veins, which carry food and water – and support the leaf like a skeleton.

LOOK FOR OTHER PATTERNS IN NATURE...

SNAILS' SHELLS

DRY MUD

WATER RIPPLES

I can see my name in the grid!

Try drawing patterns you see with pens and pencils.
