

How far has AI come?

Artificial intelligence can make a vacuum cleaner whiz around a room without a human needing to lift a finger. What else can it do? And what *could* it do tomorrow?

CAN AI...

1. ...beat a human at chess? A B C

2. ...spot subtle signs of a disease on a scan of a patient? A B C

3. ...make and grow a human baby? A B C

4. ...make the Earth spin in the other direction? A B C

5. ...make up jokes so funny you laugh out loud? A B C

6. ...paint a roller skating giraffe in the style of Van Gogh? A B C

7. ...select and kill an enemy human in a warzone? A B C

8. ...travel the universe in search of alien life forms? A B C

9. ...pick out the exact object you ordered in a huge warehouse of products? A B C

10. ...build a house? A B C
