Bees have an awesome
SUPERPOWER...

We're
POLLINATORS!

Draw some superhero bees here.

Bees **SPREAD POLLEN.**

Then flowers can turn
into **FRUITS** with **SEEDS.**

Add in some flowers, fruits
and seeds.

Without pollinators
we'd have **none** of these.

Doodle some foods that wouldn't exist without pollinators.

NO bees,
no seeds,
no new plants

I'm hungry.

I'll be
hungry soon.

So will I!

Food chains would **break down.**

Draw in plants and animals to make your own food chain.

This is why we need to
HELP THE BEES!
