

Measuring length and distance

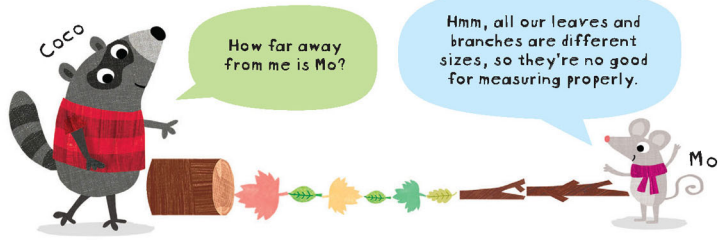

Length is the measurement of something from one end to the other. **Distance** is the length of the space between two points.

Trace the numbers and fill in the empty boxes below.

Foxy is log, branches and leaves away from Stripe.

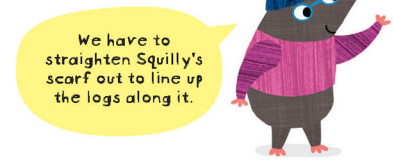

Mo is log, leaves and branches away from Coco.

The animals are investigating different lengths, below. Fill in the empty boxes for them.

Hug's canoe is logs long.

Squilly's scarf is logs long.
