

# Penguins in the park

Look for these things and write **p** in the circle next to them:

- penguins paddling in the pool
- penguins playing ping-pong
- a peckish penguin eating pizza
- penguins having a picnic

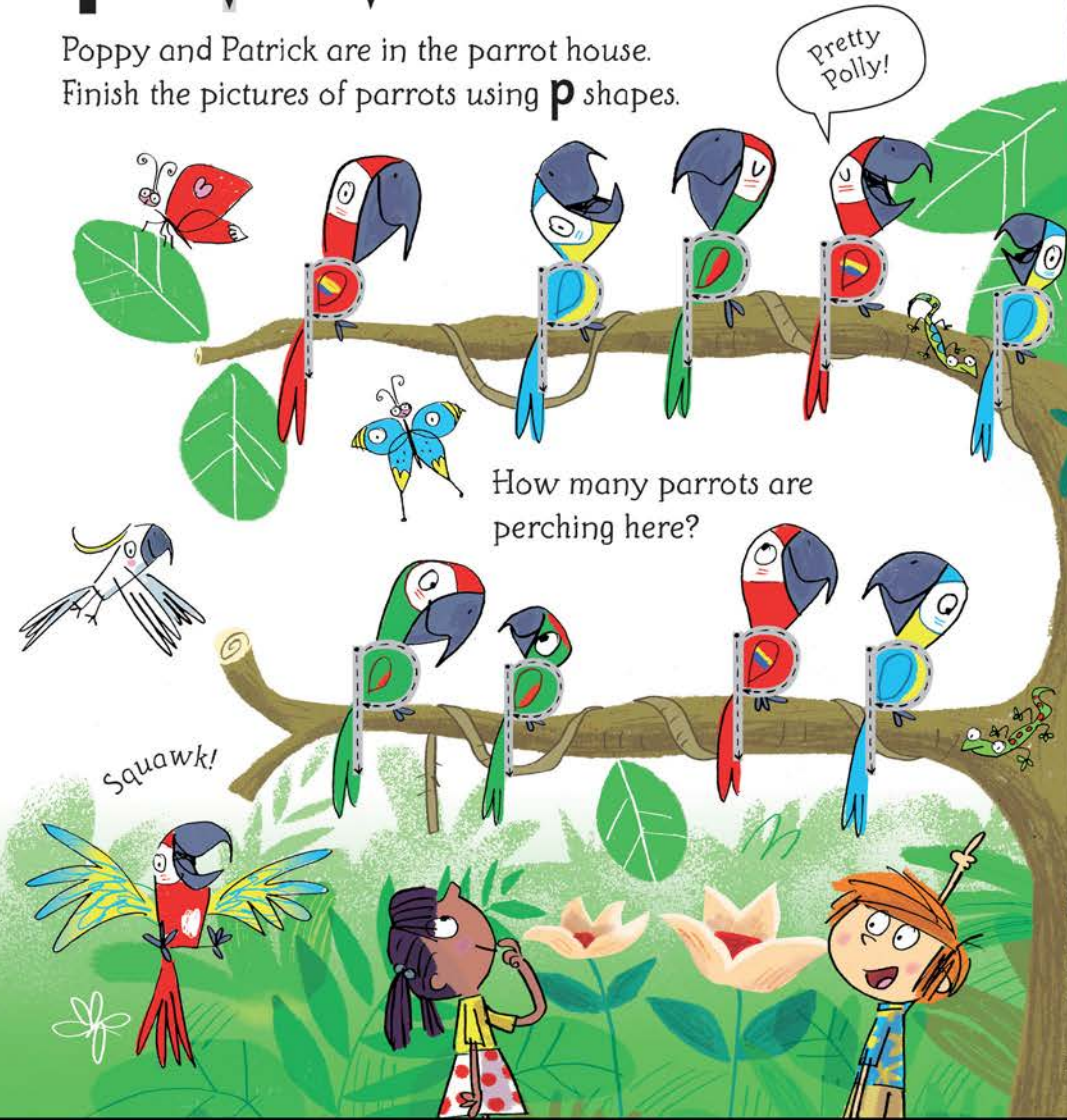

Can you spot more things that start with **p**?

Trace the **p** with your pen and write some more.

Poppy and Patrick are in the parrot house. Finish the pictures of parrots using **p** shapes.

How many parrots are perching here?
