

SECRET MEETING

Chloe's friend wants to meet her in town and has given Chloe directions using secret symbols. Can you find the meeting spot, following the symbols in the list?

Begin Chloe's journey at the **START**. Keep moving until she comes to a new intersection. The next symbol in the list will show her which way to go.

-  = Straight on
-  = Turn left
-  = Turn right

TIP: Cross off each symbol as you come to an intersection, to keep track of where you are in the journey.

There are lots of birds to spot in the town. Fill them in when you find them.
