

# THE SPIRIT SNATCHER

Create your own magical place

In *The Spirit Snatcher*, Pip has just moved to Elbow Alley - a magical street that is home to vampires, banshees and ghosts. Use these pages to create your own magical setting, full of mysterious and spooky characters.

## Step 1: Choose your setting

Elbow Alley is a small, hidden street in London. Where will your magical place be set? Will it be a road, a narrow lane, a village or somewhere else? Use this space to write some ideas, and decide on a name.

My setting will be:

---

---

---

## Step 2: Visualise your magical spot

What does your magical place look like? Read chapter 2 of *The Spirit Snatcher* to hear about Elbow Alley. Does your setting have any spooky houses or shops?

Map it out below:

Magical adventures from  
**CAT GRAY**

# THE SPIRIT SNATCHER

Create your own magical place

## Step 3: Invent your characters

In Elbow Alley, Pip meets banshees, vampires and ghosts. Create some characters to live in your magical place.

Write about them or draw them below:

## Step 4: Write an introduction to your setting

Imagine you've just arrived there - what will you see, hear and smell? Do you meet any of the characters or is it eerily quiet?

Now you've created your magical place,  
share it with a friend! Would they want to visit?
