

# STAR SANDWICHES

Sandwiches look fun cut into stars, but you can use any shape of cookie cutter you can find.

## YOU'LL NEED...

- a festive cookie cutter
- 2 slices of bread
- softened butter or plant-based spread
- sandwich fillings such as sliced cucumber or tomato, jam, chocolate spread, peanut butter or cheese

Eat up the leftover bread.

1. Cut as many shapes as you can from the bread.

2. Spread butter on one side of each shape.

3. Put some filling on half the shapes. Put the other shapes on top.

Eat them right away, or wrap tightly and refrigerate.

You could use a small cutter to make a hole in some sandwich tops.
