

MAKE YOUR OWN SUNSHINE BUNTING!

Cut out the sun shapes and decorate them – you could add some of your favourite quotes from the book, write what it is that makes YOU shine bright, or colour a nice pattern. Make each sun unique!

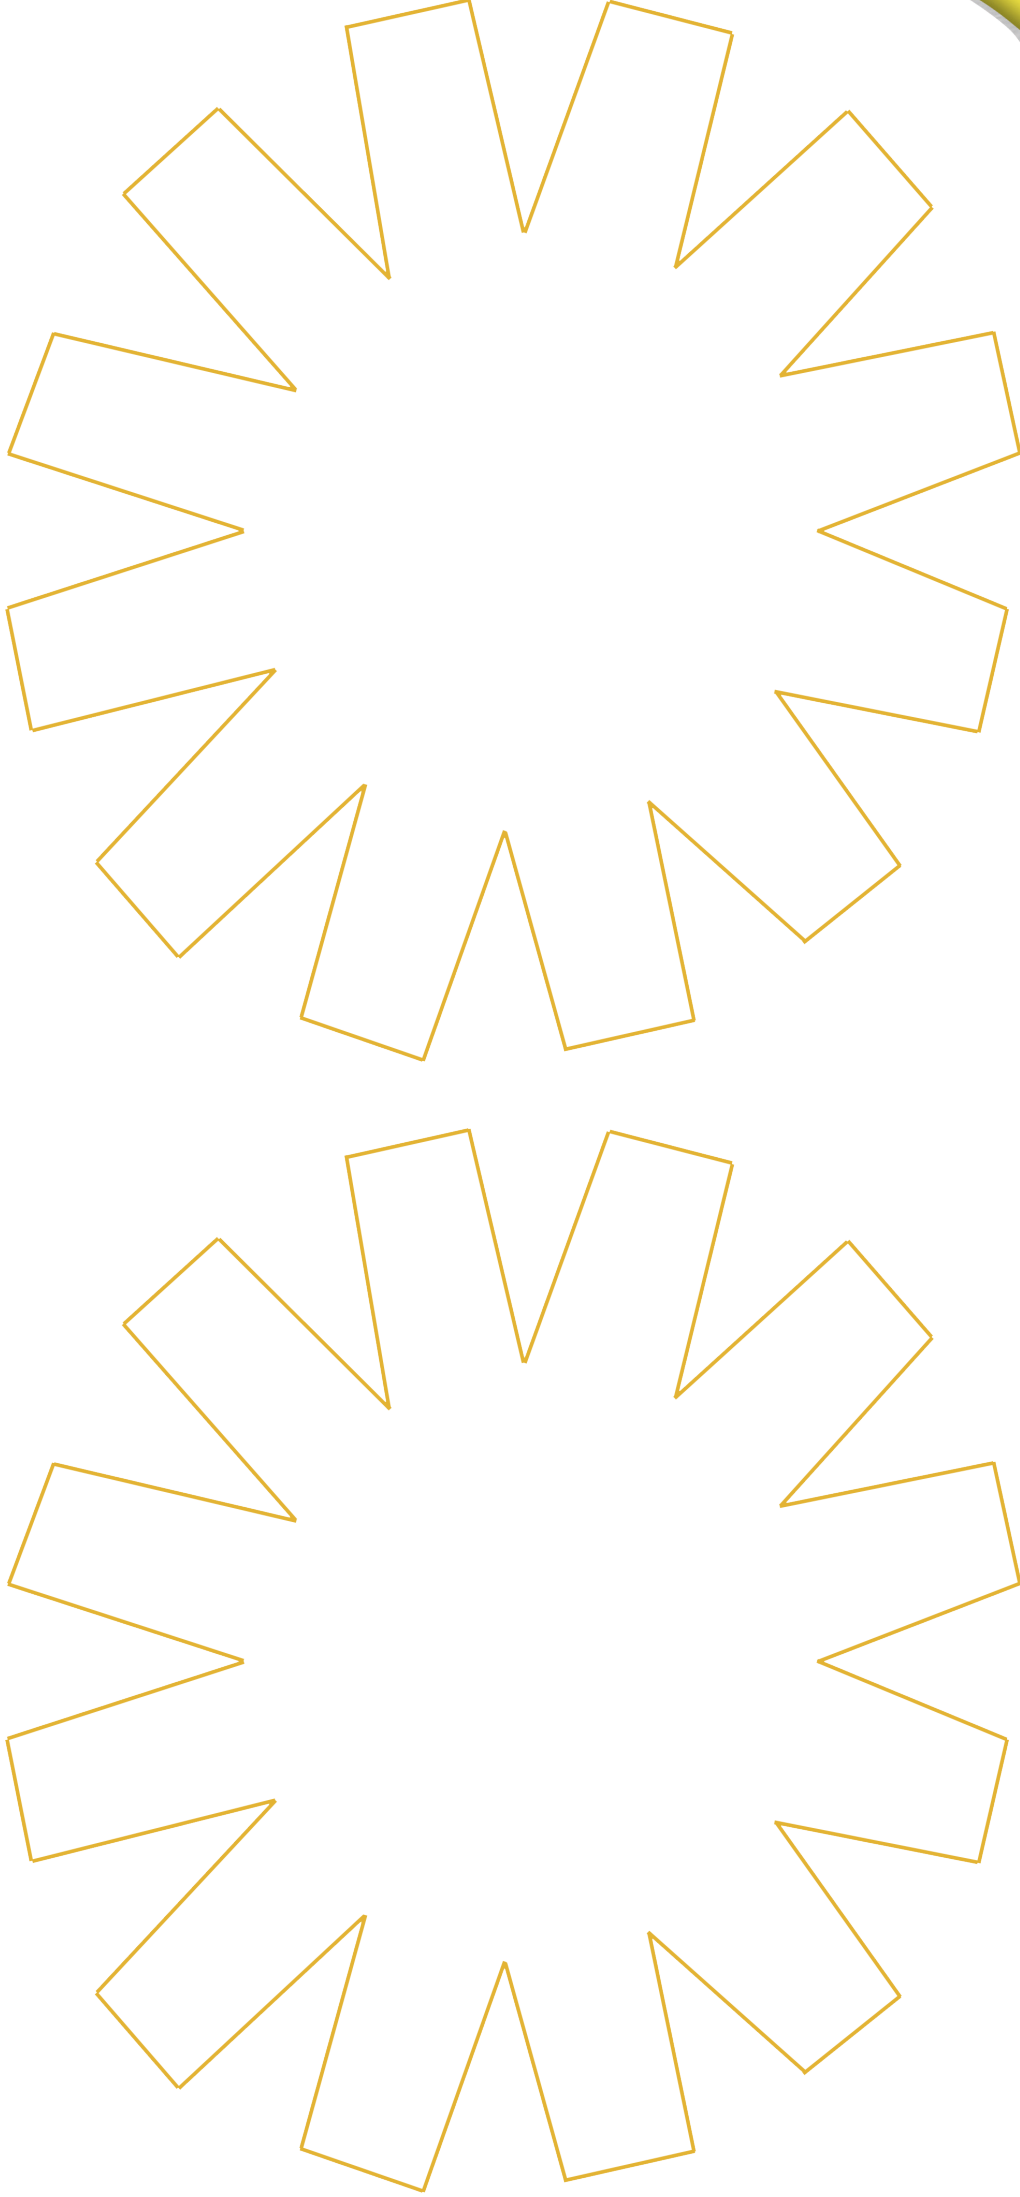

Once you have decorated each sun, ask an adult to help you punch a hole in each shape, then thread string through the holes to create your bunting. Hang up your creation to brighten up the room!

MY NAME IS
