

Below there are THREE templates. The first is a template for the model café WITH outlines to guide your design. The second is the model café WITHOUT outlines, for you to design from scratch. The third is the park template from page 73.

CAFÉ TEMPLATE with outlines

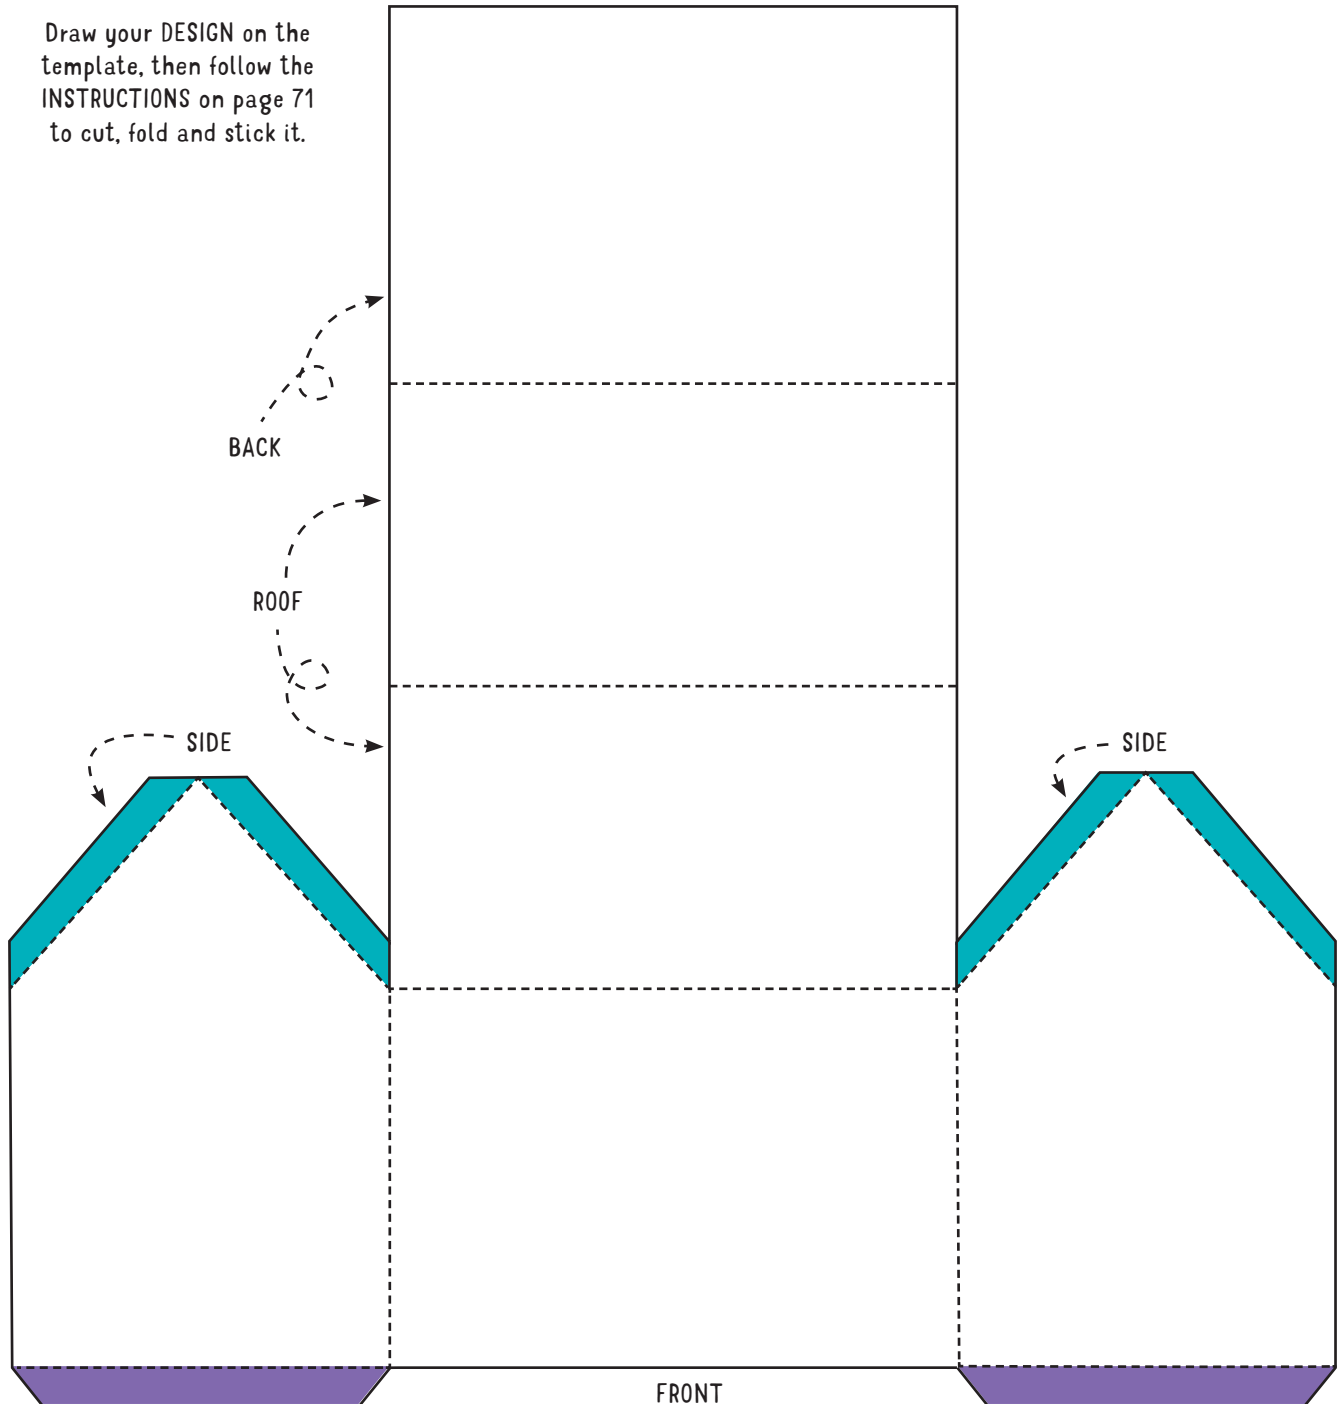

Draw your DESIGN on the template, then follow the INSTRUCTIONS on page 71 to cut, fold and stick it.

PARK TEMPLATE

Cut out the template along the black lines.
MARK on the template where you will put
your model, DESIGN the park around it,
then STICK DOWN your model using

To design the park FROM SCRATCH, cut out this

want to design a BIGGER park, use a
piece of A4 paper – or even bigger!
