- D. He ..... a pen and ..... on the map. (take, draw)
- E. He ..... the cabin and ..... the map to Captain Crook. (leave, take)

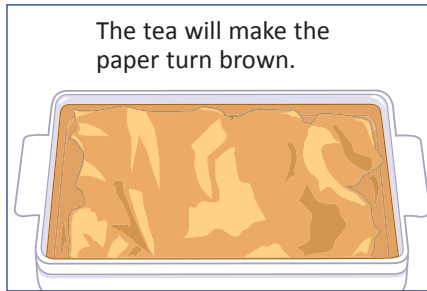

# Percy and the Pirates • Worksheet

**Activity:** Make your own treasure map

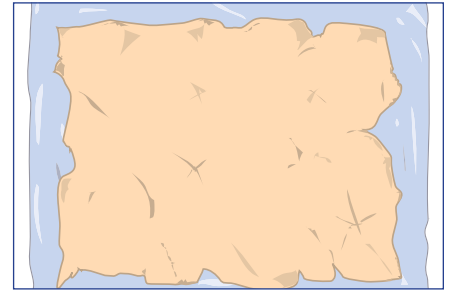

1. To make a piece of white paper look old, tear little strips from its edges. Tightly crumple the paper, then open it out.

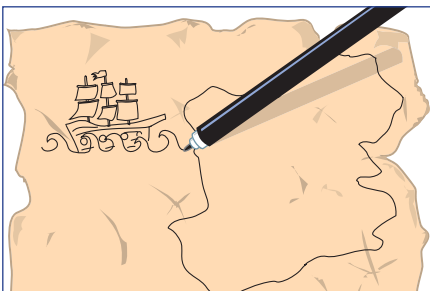

The tea will make the paper turn brown.

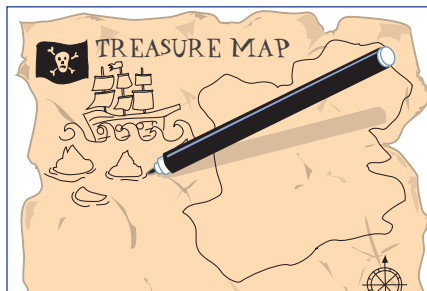

2. Pour some cold, strong tea into a dish. Lay the paper in the tea and push it down, so that the tea completely covers it.

3. Leave the paper to soak for about an hour. Then, lift it out and lay it on a piece of plastic foodwrap until it is dry.

4. Draw a big wiggly shape, for a treasure island. Then draw a pirate ship and some waves near the top of the map.

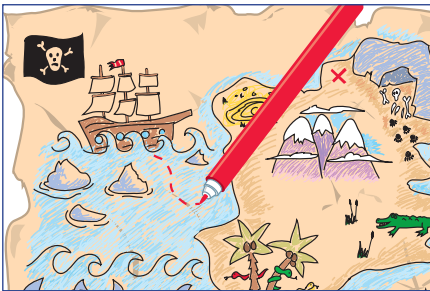

5. Draw a flag and write 'TREASURE MAP'. Add a compass in one corner, then draw some rocks in the sea.

Look at the big picture below for some ideas.

6. Add waves and fins for a shark-infested sea. On the island, draw lots of dangers and write descriptions next to them.

7. Use different pencils to shade and add detail. Mark where the treasure is with a red 'X', and draw a dotted line from the ship.

You could draw a map with lots of small islands (an archipelago) instead of one big one.

**Did you know:** A desert island doesn't have to be dry and sandy! "Desert" here means "deserted"; in other words, there are no people living there.
