Lost and found

Luca is going into the forest to look for six things that he has dropped there. At the signposts there are animals who can help him. Luca will find his belongings if, at each signpost, he follows the sign that shows the right answer to what the animal is saying. Can you list (in Italian, using the right words for "the") Luca's six things in the order he picks them up? They are all shown on the map.
