

FESTIVE FINGERPRINTING

Make a fingerprinting kit with an old sponge and some liquid paints. Then, print Christmassy pictures or cards.

1. Cut the sponge into pieces for different colours. Brush thin layers of paint on top.

2. Press a finger into the paint, then onto paper. Clean your finger with paper towel before changing colours.

3. After the paint has dried, you can draw on top with a black pen.

DIFFERENT SHAPES

Use your thumb and different parts of your fingers...

Thumb

Fingertip

Finger side

YOU COULD PRINT...

DECORATIONS

Draw shapes like these and fill them with fingerprints.

STOCKINGS

Make two overlapping prints with your thumb. Then, draw on patterns.

CHRISTMAS LIGHTS

Draw a looping line between lots of fingerprints.

SNOWMEN

Make white fingerprints on blue paper.

Draw on faces, arms, buttons, hats and scarves.

REINDEER

Print each reindeer's body first, then use your fingertip to print its head.

You could decorate a card with fingerprints.

Turn to page 7 if you want to make an envelope.
